ASTERN

THE 1939 CAULDRON Board presents this volume of the college annual of Northeastern University to Seniors and Freshmen, to Faculty and friends of the University. With informality as the keynote of its theme, this book is an attempt to perpetuate in the hearts of men who are soon to leave, memories of the Northeastern we now know. As a log of contemporary activities and scenes for the undergraduate, it serves as a pictorial story-book for the friends and parents of the University's student body. It is the fond hope of the Board that the new style of presentation will serve to increase the value of the material contained therein . . . justification enough in itself for the care and thought devoted to its planning and assembly.

SAMUEL ABBOT SMITH STRAHAN

Dedication

TO Samuel Abbot Smith Strahan, in recognition of his outstanding record as both teacher and friend to Northeastern men for twenty-two years

Born May 11, 1881 Attended the Evening Polytechnic Institute, and Massachusetts Institute of Technology Granted the degree of Bachelor of Science by Northeastern University Instructor in Chemistry at Massachusetts Institute of Technology, 1912-1914 Professional experience with the Metz Automobile Company until 1914 Professor of Chemistry at Northeastern University since 1917 Chairman of the Department of Chemistry from 1921 to 1938 Member of American Chemical Society, Society for the Promotion of Engineering Education Contributor to chemical literature in the field of organic chemistry Possessed of a keen mind that is a veritable storehouse of organic lore A patient teacher and an always-willing counsellor Affectionately known as "Pop", even to non-chemical students The Class of 1939 lends its voice in paying tribute to this scholarly friend of a generation of Northeastern students

Acknowledgments

IN presenting this edition of the CAULDRON, the Board wishes to call to the attention of the reader its grateful acknowledgment of the many services that have been rendered by various individuals in the preparation of Northeastern University's yearbook. First of all, the members of the Board are sincerely appreciative of the truly commendable support so untiringly offered by Professor Everett C. Marston, faculty adviser to the CAULDRON. His long association with the CAULDRON has given him a wealth of experience in every phase of yearbook construction, an experience that he is forever willing to place behind the efforts of those less well-versed in the problems and technicalities involved in the compilation of a college annual.

A thousand bouquets of thanks, also, for the professional services so unselfishly offered by Mr. Russell C. Knight of the Bickford Engraving and Electrotype Company, and Mr. Dino G. Valz of the Andover Press, and the Messrs. Waid, Senior and Junior, of the Waid Studio, without whose generous contributions of time, advice, and thought this book would not have been possible.

The Board is extremely grateful to the members of the CAULDRON Junior Staff and to various members of the Secretarial Staff of Northeastern University, whose willing assistance has made many of the thousand and one details of drudgery connected with the preparation of a compendium of this sort seem but slight obstacles in the path of eventual publication.

In Memoriam

ALFRED NOWOSIELSKI

1917 - 1939

Chemical Engineering

45 Milton St., East Boston

SENATE; Freshman Honor List; Dean's List 2, 3, 4, 5; Hockey, Assistant Manager 3, 4; CAULDRON Junior Staff; Mathematics Club 1, 2, 3, 4, 5; A.C.S. 2, 3, 4; A.I.Ch.E. 5.

An able scholar and a true friend of all who knew him as their classmate Called away before he could receive the laurels of an honor graduation, which was his cherished right His memory will remain with those who knew him best from five years of intimate comradeship both in class and in active society.

FRED V. BURKE

1915 - 1935

Born January 15, 1909, in Northeast Harbor, Maine . . . Bachelor of Arts, Bowdoin College; Harvard Graduate School of Business Administration; Master of Arts, Boston University; Candidate for Doctor of Philosophy, at Boston University . . . Professional experience with The Knowles Company (1929), The Cabot Manufacturing Company (1930), Consulting work in industrial management (1934-present) . . . Northeastern University, since 1931 . . . Professor of Industrial Engineering, and Chairman of the Department . . . Professional affiliations: Member of the Secretariat and Social and Tours Director of the Seventh International Management Congress (May to October, 1938); Vice-President, Eastern United States Region of the Society for the Advancement of Management; Editor of S.A.M. *News Bulletin*, and Member of the Editorial Committee for S.A.M. *Journal*; Secretary-Director, Boston Chapter of S.A.M. (1935-1938), President (1938-present), Chairman, Spring Regional Conference, S.A.M. (1938); Taylor Keys Committee; Associate Director of Boston Chapter, National Association of Cost Accountants; Society for the Promotion of Engineering Education . . . Awarded one of two Taylor Keys, by the Society for the Advancement of Management . . . A tireless worker and an able teacher, his sagacity and sound business sense bring grateful acknowledgment from committee members and members-at-large of the Class of 1939

FOR the third successive year, the CAULDRON Board takes great pleasure in presenting to the University at large a body of men from the Senior Class whose contributions to the life of Northeastern during the past five years have been deserving of recognition. These men have been chosen by a committee consisting of Dean Melvin, Dean Lake, Professor Parsons, Professor Spear, and Professor Knowles, the five members of the Faculty best qualified to act as observers. This year, at the request of the Board, they have designated the Seniors pictured here as having played an outstandingly active part in the various fields of endeavor at Northeastern, whether academic or athletic, literary or professional. Leadership has been the most prominent characteristic, although high scholastic attainment has also been almost universally evident.

To the men grouped here we offer our most hearty congratulations for the honors they have won, and our sincere gratitude for all that they have added to the Class of 1939 and to the University.

Senior Class History

A sea of dark red caps eddying back and forth across Huntington Avenue—under them, an equal number of bright-eyed high schoolish faces, their bewildered expressions belying the forced nonchalance of their owners—arms laden with books and bulky drawing kits—puzzled shufflings through the fistfuls of official forms to be filled out—hesitant advances through the winding maze of corridors in the Huntington Building—thus came to Northeastern the raw manpower that was soon to be whipped into shape as the Class of 1939, a mineral that seemed far, far away at the time of its birth in September, 1934.

A week's practice put the country boys in the class on an even footing with the trolley cars to be dodged in commuting from class to class across the Avenue and gave the urbanites enough self-confidence to begin bluffing the endless stream of traffic by means of flying wedge tactics. Class schedules assumed more intelligible aspects, and it began to appear that most of the classrooms listed thereon could be found without the aid of a compass, if one had the instincts of a cross-bred

homing pigeon and a maze-running white rat.

A swiftly-moving year rushed through quiz after quiz, until life began to function in a more normal manner. Social activities were kindled by the election of class officers and were fanned by the making of plans for a Freshman Class Dance. The fates were opposed, however, as a sweeping epidemic of German measles sprang up and ran through all of the various sections, dipping heavily here and still more heavily there. The dance was called off, books reopened, and lost time fought against.

The coming of spring brought Field Day, where the Class of 1939 officially received its colors from the graduating class and learned, as an attendant side-note, how pleasant it is for one male and company to leave the hol-polloi behind via the combination of a canoe and a winding river.

An all-too-short vacation closed, to bring about an introduction to the co-operative work system of Northeastern. The split division system broke up many friendships and sectional groups, while the reorganization of

the class according to elected curricula brought about a still more extensive splitting.

Activities began to add Thirty-Niners to its membership rolls. Major sports attracted many, musical organizations and publications gathered others into their folds, while fraternities dusted off their "Welcome" mats and began to initiate brother after brother.

Class elections again boomed social activities and a pleasingly successful Sophomore Hop was held at Longwood Towers, measles and studies failing to bring about any cancellation of the class shindig this year. Class dues began to become a point of heckling on the part of the officers, followed by an inexplicable siege of deafness visited upon the heckled.

Vacation again hove into sight as final exam week ended, was upon the scene suddenly, and as suddenly burned itself out in a flash of welcome respite from academic pursuits.

The coming of the third school year brought many Thirty-Niners into the limelight, football, hockey, baseball, basketball, and track each accepting its share of athletes. Other activities began to tear some of the better students away from their books to join others of their less academically-inclined classmates in discovering that participation in extra-curricular activities can often add more to one's education than the strict pursuit of a formal course of studies.

Class elections saw the installation of several "repeaters," while the annual "Middler

Shuffle" was danced into the successful side of the book of social affairs even though it was written in faintly red ink.

The birth and formation of a new Student Council resulted in legally-elected representatives being seated for the class, the new system of election assuring a more careful choice of members. Class dues were mentioned much more often than during the previous year, but the siege of deafness set in with the first class meeting again and could not be shaken.

The whirlwind vacation between the Middler and Junior years passed with its familiar rapidity, easing all out of the position of having to explain just what a Middler was but causing just as much awkwardness in describing how come it took three full years of school to become a full-fledged Junior.

The Junior year was a banner year for more "because" than one. First of all, the strong rumors of a new building that had been floating around school for the past several years suddenly crystallized and came down out of solution with a bang. The return to school in the fall uncovered a scene of frenzied activity taking place in the previously vacant lot next to the "Y" building. Steel network soon towered up into customarily blank space, to be followed by a clothing blanket of concrete and smooth brickwork. The lifetime dream of the Administration and the fond hope of the undergraduate grew and grew each day, its progress as eagerly followed as the favorite child of a doting mother.

One of the other "because" for this being called a banner year was the Junior Prom. Smooth-riding music—soft lights—glamour girls—white tie and tails—formality plus—all helped to make this first Emily Post affair of the Class of 1939 one to be long remembered. The lure of the land of make-believe brought nearly the whole class together for this one evening, leaving many serious thoughts in its wake in regard to wonderment over the fact that so few occasions of this sort were available. A taste was enough to start the yearning.

But social activities did not hold the spotlight, by any means. The Junior year saw the first real specialization in the various chosen fields of study. Many were the suspicions that the wrong course had been chosen, after some of the professional courses had begun to take fall after fall at every encounter. The Army Alpha Test returned to prove to each individual that four years of higher mathematics still had not taught him to do simple arithmetic problems any faster than he could or could not do them previously. The now veteran athletes regretfully wound up some very successful careers in the various sports and turned their attentions to extracurricula activities other than sports.

The final vacation period saw the completion of the new home of Northeastern. Gleaming corridors, spacious laboratories, roomy classrooms, light and air by the roomful—all these were to be found in abundance. The four years spent in cramped quarters made the sudden change seem almost unbelievable but none the less delightful.

The Last Mile has brought much to be considered with it, at the present moment. Tough courses and thesis trouble have been prominent since the opening of the year, but other things are beginning to creep into the picture. Thoughts of getting "the" job, of doing graduate work, of marriage plans, or of the mere consideration of leaving old comrades, have already begun to loosen the ties that bind the class together. The untimely death of one of the members as the end of the struggle draws near makes his classmates more keenly conscious of these ties, but dissolved they must eventually be.

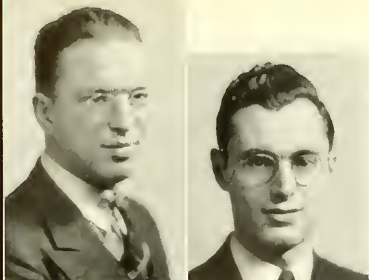

The close of the five years is to be felt even now, in the middle of the last year. Strong activities men are beginning to edge out of their positions, making way for the newcomers. Senior Week plans are being polished up, with provisions being made for one last real get-together in the form of a trip to the New York World's Fair. Commencement seems just around the corner, with all not knowing whether to be glad that the drudgery is all over or sorry that the thousand and one things that college has meant are soon to be a thing of the past.

But now the die is cast. Although the birth of a class was recorded five years ago, this does not mean that its death is to be announced. The years to come hold much in store, for a certainty, but only the passage of time will reveal whether we're as good as we think we are. May we never be disillusioned!

Activities

The Academy is the honor society of the College of Liberal Arts. As in its brother organizations in the Colleges of Engineering and Business Administration, election to this society is based upon high standards of scholarship and character. Election to this honorary body is a sign of distinctive achievement.

The Academy, the youngest of the honor societies, was founded in 1937. Its membership is as yet small, but is increasing with the growth of the College of Liberal Arts. Its constitutional standards are to be kept intact, however, even though the membership remain small.

The purpose of the Academy is to promote scholarly activities among the students of liberal arts and sciences. Part of this objective is stimulated by the offering of an annual scholarship to the highest ranking Freshman in the College of Liberal Arts.

The Senate is the honor society of the College of Engineering of Northeastern University. Election to this society is based primarily upon scholastic achievement and character, with personality and participation in extra-curricular activities having a supporting but secondary part in the consideration for candidacy. Consequently, its members regard their election to the society as the highest honor that could be bestowed upon them.

The Senate is the oldest of the honorary societies at Northeastern, having been established in 1921 under the leadership of the late Professor George F. Ashley. Since that time, it has been self-perpetuating, honoring approximately fifteen students in each graduating class with membership.

Its outstanding objective is to foster and promote high scholarship and to further intellectual interests among the engineering students at Northeastern. This objective is carried out by means of periodic meetings of a professional and social nature during the year, and the awarding of an annual scholarship to the highest ranking student of each Freshman Class.

The Sigma Society is the honor society of the College of Business Administration. Candidates who have met the high scholastic requirements laid down by the constitution of the society are accepted into membership by vote of the current undergraduate members. Highest honors in the College of Business Administration are conferred by election to this society.

The Sigma Society was founded in 1925 by Dean Turner F. Garner, the Dean of the College of Business Administration. Originally known as Sigma Delta Epsilon, the society has adopted the more common name. Each year about ten students in each graduating class are honored with membership.

Its function is to encourage and reward scholastic attainment among the students of business administration at the University. A feature of this objective is the granting of a scholarship each year to the highest ranking business administration student of the Freshman Class.

The American Institute of Chemical Engineers is affiliated with the parent society. Membership is open to all upperclassmen in the Chemical Engineering Course. The group has several meetings entertaining guest lecturers, and sponsors social as well as technical meetings.

Members of the chapter are eligible to compete in the problem contest conducted by the parent society, which offers prizes of \$100, \$50, and \$25 for the three best solutions.

To encourage high scholastic achievement in the first year of University work in Chemical Engineering, the parent Institute offers annually a Sophomore award bearing the institute seal and a certificate of merit.

A student representative is sent annually to the conference of Student Chapters in Philadelphia.

OFFICERS

American Institute of Chemical Engineers

McGrath, Ginther, Smith
McDonald, Gaffney, Prof. Baker

The electrical engineering students are affiliated with the American Institute of Electrical Engineers, by whom they have been granted a student charter. The engineering school chapter enjoys all the privileges of student membership of the official organization; its university activities undertaking to familiarize the undergraduate electrical engineer with the trends of his chosen profession.

OFFICERS

Gustav Rook, '39

Chairmen

Faculty Adviser

American Institute of Electrical Engineers

McEwan, Allen, Petrou
Maling, Rook, Brooks

The mechanical engineering students have a student chapter of the American Society of Mechanical Engineers with its charter granting all the student chapter privileges. This includes eligibility to attend meetings of the parent society and to compete for a prize of one hundred dollars awarded annually for the best paper on a specified subject submitted by a student of the American Society of Mechanical Engineers.

A student of the Northeastern University chapter is selected each year to present a paper in competition with students of other colleges at a joint conference of student chapters of the Society, at which time awards are made for the three best papers.

OFFICERS

Frederick C. Humphreys, '39	<i>Chairmen</i>	Philip R. Keep, '39
Thomas C. McDonough, '40	<i>Vice-Chairmen</i>	Robert B. Drinkwater, '40

American Society of Mechanical Engineers

Benson, Drinkwater, Hart, Polley, Keep

The civil engineering students have a student chapter of the Boston Society of Civil Engineers, with which organization they are associated as student members with all privileges of the Society except that of voting. These privileges include the use of the official rooms and library at Tremont Temple and also attendance at all regular monthly meetings of the Society and of its subsidiary sections devoted to Sanitary and Highway Engineering and Structural Design. Student members also receive the journal of the Society, which is published quarterly.

The students in this chapter have for the past few years been eligible to receive the Desmond Fitzgerald Scholarship, as awarded by the board of government in memory of a past president of the Society.

OFFICERS

Norman Cleveland, '39
Chairman

Vice-Chairman

Joseph M. Higgins, '39
Secretary

John H. Manning, '39
Treasurer

Prof. Henry B. Alvord
Faculty Adviser

Boston Society of Civil Engineers

Smith, Cleveland, Higgins

Membership in this Society comprises both students of Industrial Engineering and Engineering Administration whose prime interest is the managerial aspects of business.

The student branch conducts its own regular meetings, and has as speakers leading men in the field of Management. In addition, members are privileged to attend the regular meetings and round-table discussions of the Boston Society of Industrial Engineers, and the Boston Chapter of the Society for the Advancement of Management, during each school year.

The Season

Northeastern's football team, in his second year under the tutelage of Coach Jimmy Dunn and led by Captain Jimmy Connolly, split even in number of wins and losses for the season by defeating Bates, American International, and Upsala; tying Lowell Textile; and losing to Boston College, St. Anselm, and Springfield.

The 1938 eleven finished its schedule by fulfilling most of its pre-season expectations, although it was constantly troubled by injuries and lack of replacements. Outstanding performance of the year was the team's remarkable showing of holding the strong Boston College eleven to only two touchdowns, a result which was contrary to all pre-game predictions. Victories were expected from Bates, American International, and Upsala; but no high hopes were entertained as the team entered the game against an undefeated and unscored-upon St. Anselm eleven. Doubtful contests were the one against Springfield, which the Huskies lost by only one touchdown, and the one against Lowell Textile, which had its best team in years and which N. U. held to a 13 to 13 tie.

Ten men, seven of whom were regulars,

completed their college football careers last season. Captain Connolly, Foxy Flumere, Bill Little, Andy Bierenbroodspot, Arnold Kaufman, Stan Rogers, and Fred Lee will be missing from Coach Dunn's line-up next year. Reserves who have played their last college game are Santo Cannava, George MacFarlane, and Frank Hazelwood.

A number of post-season honors were won by Husky players. Kaufman and Bierenbroodspot were picked on the first team of the United Press "Little" All-New England Eleven and Connolly and Rogers were chosen on the second team. All four were also placed on the first or second teams of "all" selections of individual Boston sports writers.

Captain Connolly was probably the outstanding player on the team. He was almost universally acclaimed as one of the best backs in New England. Both Dunn and ex-Coach Al McCoy described him as one of the most versatile players they had ever worked with. While passing was Jim's strong point, his running attack was one of the finest ever seen at Northeastern. Hard line plunging and good kicking ability rounded out Connolly's qualifications as an outstanding player.

At the receiving end of most of Connolly's passes was quarterback Foxy Flumere. Many of the passes that Flumere snatched resulted in setting the ball in a position for touchdowns. Foxy's fine signal calling and clever generalship were prominent factors in Northeastern victories.

Little, the other retiring member of the backfield, ran up against hard luck when he twisted his ankle in the first game of the year against B.C. and was forced out of play for most of the season.

Kaufman, varsity guard for three years, is one of the best linemen that the Huskies have ever had. His tackling was terrific and

positions. Lee and Arthur Anderson adequately covered center; Gerry DeNapoli and Howlett worked as guards; and Will Pomeroy helped out in one of the tackle spots.

In the backfield, Bob Gurney and Ken Harding started in most of the games. Other non-retiring backfield men that saw plenty of service were Ronnie Tubbs and Joe Beaton.

Northeastern's best showing of the year was made in the opening game, played at night against Boston College on muddy, rain-swept Alumni Field under what were perhaps the worst possible football condi-

caused his opponents many an anxious moment when they tried his side of the line. He was a big factor in Northeastern's fine showing against Boston College.

Bierenbroodspot and Rogers at the tackle positions were mainstays of the line. Baron, with sixty minutes of service per game, played the part of an iron man during the early stages of the season until a knee injury put him on the side line for a while. Rogers on the other side of the line played a good consistent game throughout the year.

Connie Sullivan, captain-elect for 1939, won the right to lead the eleven for the coming year by his good defensive play at one of the end positions. Carl Johnson and Ducky Holmes alternated with Sully and with each other in covering the two end

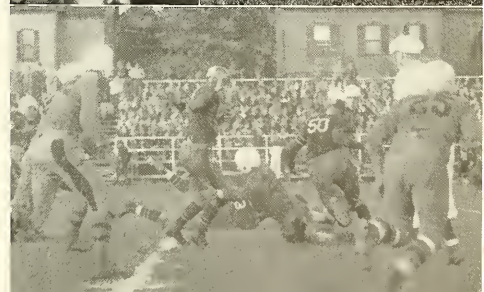

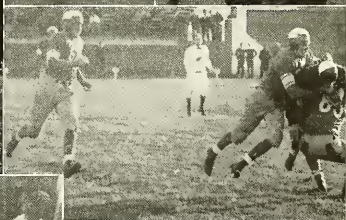

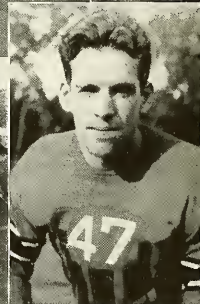

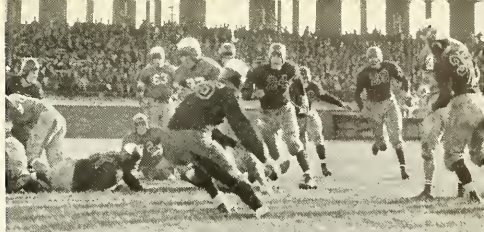

tions. Despite the weather, about 6500 fans, a third of them from Northeastern, gathered to see what most of them expected would be a repetition of the 63 to 12 trouncing that B.C. had given Canisius the week before. To their astonishment they saw a fighting Husky team battle the Eagles on more than even terms after the home outfit had managed to score two first-half touchdowns. After the early tallies Northeastern stopped every one of its opponent's advances and even threatened to score several times. Inability of the field electricians to keep the bright lights going for more than a few minutes at a time during the game gave the players many rest periods and the spectators much cause for merriment.

The Season

A captainless Northeastern varsity basketball five concluded their court season with a fair record of six victories against an even dozen reverses. Several of the games were nip and tuck affairs with the hapless Huskies getting the short end in most of these contests.

Bob Gurney and Bob Toucey were the individual stars of the team, tallying 200 and 175 points respectively. In the standing of New England basketball scorers, Gurney placed tenth and Toucey finished nineteenth.

The other members of the first line quintet were Stan Rogers and Jim Connolly, holding down the guard positions for the third season, and Tom Gleason at center for most of the season. Capable replacements were hard to find because of a small squad, forcing Coach Jim Dunn to play his first team for the majority of the time during the season.

Northeastern opened its eighteen-game schedule by meeting Harvard at Cambridge. A close battle was staged with the Crimson but the Huskies had to be content with the short end of a 31 to 26 score. Gleason, Gurney, and Connolly tallied a total of twenty-three points. Tom made three baskets, Bob looped nine markers through the meshes, and Jim connected for eight points.

Tufts gave the Huskies their second reverse, winning 30 to 21, with Gurney and Toucey scoring six points each and Gleason accounting for five.

After two losses the Red and Black broke into the victory column at the expense of Clark, topping the Worcesterites 39 to 21. Toucey led the attack with ten points, pacing Gleason who chalked up nine, and Gurney and Lou Smith with seven apiece.

Connecticut State left the Johnson Memorial Gym with a 32 to 26 victory in the opening game of the new year. Toucey shone for the Huskies by whipping in seven baskets for a total of fourteen points.

The basketballers then ran into a gruelling

two-week strain during which they placed six games, three of which were undertaken while on the road and on consecutive nights.

The rampaging Rams from Rhode Island, paced by Jaworski, leading scorer in the country, slaughtered N. U. to the tune of 79-57. Gurney, Gleason, and Toucey led the bombardment for the home team with twenty-five, twelve, and ten points respectively, but their healthy scoring spree went for naught against the score-crazy Rams. Coach Jim Dunn suffered a double defeat in this contest, as he lost the services of Lou Smith for the remainder of the season because of a severe knee injury. Smith had been playing inspired basketball and was due for a great season.

In a nip and tuck contest, with the Huskies finally forging ahead, Maine was set back to the tune of 46-40, allowing the Huskies to enter the win column for the second time. Connolly, who occasionally mixed his sports, mistook the court for a gridiron and was the sharp-shooter of this game, annexing twelve points. Gurney, his versatile teammate, and Toucey followed closely with eleven and nine respectively.

The Huskies took the first of their three consecutive games in Maine from Bates, 59-56, but dropped the second to Maine, 51-49, and the third to Colby, 51 to 31.

Springfield greeted the Huskies on their return home with a volley of baskets from all sides of the court, pinning on them a 56 to 35 defeat. Gleason and Gurney continued to dominate the scoring activities and to boost their totals. Tom topped the team in this game, scoring twelve points, while Bob followed up with nine. The Springfield club showed a deceptive and unbeatable passing attack, while the Huskies displayed an inaccurate shooting and scoring attack.

At Durham, the Huskies put a crimp in the festive carnival spirit prevalent at the time, by edging a fast New Hampshire quintet, 57 to 56. Packed with thrill shots from the opening whistle until the final shot, the game was one of the most exciting of the

season. The game hung in the balance for four periods. New Hampshire jumped to an early lead and was never headed until the middle of the second period, when the Huskies, with the phenomenal shooting of Gurney and Connolly, overcame a ten-point lead. With the score tied during the last four minutes of play, Bob Gurney pulled a "Frank Merriwell" before a crowd of 3000, by sinking a shot to give the Huskies the one-point margin which spelled victory.

and Gleason chalked up ten points apiece.

The Colby Mules were snuffed out, 58 to 36, in a return game. This game brought a reappearance of a former coach, Al McCoy. Toucey starred by scoring sixteen points, ten more than Art Chechames and Gleason. The game was nip and tuck and was not decided until the final gun.

New Hampshire again was beaten by the Huskies, this time 42 to 34. The game was listless and slow, and not to be compared

Games won, 6—Games lost, 12

Connecticut State	48	Northeastern	38

Gurney tallied twenty-five points for the second time during the year. Connolly, with thirteen points, and Toucey with nine, also figured prominently in the scoring. This game brought Jimmy Hatch, former N. U. basketball star, in action against his former teammates. Jim was taken in tow by Bob Gurney and was held to nine baskets. His departure in the last minutes of the game, on fouls, helped to spell victory for the Huskies.

A return contest with Harvard again found the Huskies struggling on the losing end, this time 49 to 44. Gurney, Toucey,

with the brand of ball played at the first New Hampshire tilt. Gurney and Toucey popped thirty-two points through the basket ten for Toucey, and twenty-two for Gurney.

In their return game at home, the Huskies, before a capacity crowd, were again drubbed by the Rhody Rams by a score of 71 to 59. Jaworski was held to only three baskets in the first half by Tom Gleason, but in the second half the Worcester ace pushed up nine baskets and two foul shots for a leading total performance of 26 points. Jim Connolly starred for the Huskies in the first half, recovering most of the backboard shots, and

dribbling many times through the opposition to set up scoring plays. Rogers and Connolly teamed together and were instrumental in setting up many plays for Toucey, who led the club with twenty-four points. Gleason followed Toucey, showing fourteen points.

The Huskies played their poorest game of the season against Brown when they were drubbed by the top-heavy score of 80 to 34.

Worcester Poly took the semi-final contest by drubbing N. U. 72-49. Gurney's nineteen markers and Toucey's fourteen proved no avail against the eagle-eyed Worcester five.

Connecticut State closed the Huskies' season by clubbing them with a 48 to 38 defeat. Toucey led the scoring with thirteen points, while Connolly made nine.

A review of the season would find the Huskies tackling one of their stiffest schedules in years. A great deal of travelling, and a noticeable deficiency of dependable reserves spelled defeat for the Huskies in most of their contests.

Jim Connolly was voted captain for the past season because of his untiring efforts and ability. Bob Gurney was rewarded for his spectacular performances during the entire season, by election as captain for the season 1939-1940. Prospects for next year are bright, as Coach Dunn is losing only two of his regulars, Connolly and Rogers.

The Season

When Coach Herb Gallagher issued a call for candidates for the varsity hockey team, thirty-two candidates, including ten letter men, reported for action. Most of the aspiring ice artists had seen varsity service in Northeastern hockey togs. Ten of the hopefuls, led by frosh Captain Johnny Chipman, came up from the freshman squad.

With a stiff schedule facing them, the Huskies opened the season against M.I.T. minus the services of Captain Byrne, who suffered from a stomach hemorrhage. Without his leadership and because of the uncertainty attending his return to action, the future of the sextet looked dismal. The boys came through, however, with the score of 5 to 4, and although the Tech team was far from strong, the game was enough to show that N.U. had a real forward in Johnny Chipman, who tallied four of the five goals.

Boston College, an old rival, appeared on the horizon for the second game. The absence of Byrne was sorely felt. Lacking the needed spark and driving power, the Gallaghermen went down to defeat, 8 to 3, with Chipman scoring all three counters. Out of this game another sophomore bright spot appeared, one Lou Cunningham, in right defense.

Going into the New Year, the Huskies met Mass. State and Colby. The boys from Amherst were turned back 5 to 1, without a great deal of difficulty. Apparently the game bolstered the confidence of the home team a bit too high, for a strong Colby group spanked them back to earth with a score of 8 to 5.

Northeastern chalked up its third victory on the twelfth day of the New Year by nearly whitewashing Middlebury, 9 to 1, at the Arena. This game brought Northeastern's much-awaited first line together for the first time. Byrne, Chipman, and Ganong lived up to the eager expectations of the student body, as the score indicates. Ganong grabbed four of the goals for himself, Cap-

tain Byrne scored twice and assisted in four other counts, and Chipman turned in two more tallies.

Coach Gallagher then took his charges to Maine, stopping first at Brunswick where they did battle with the ice-men from Bowdoin. After a stiffly contested game, the final bell found Coach Herb's boys on the short side of a 3 to 2 score. The next evening they avenged an early season defeat by smashing the Colby Mules, 4 to 1. Captain Byrne, eager to make up for the ground he lost by his absence from the season's first two games, paced the team throughout the game. He assisted Chapman in the first tally, and then went on to push in the last three himself.

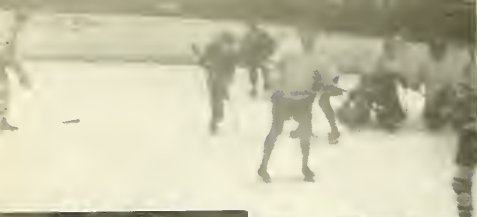

Back from the ice wars the boys struggled through exam week, caught their breaths, and then rushed up to Durham, N. H., to mar the Wildcats' annual winter carnival by winning, 5 to 3. Byrne, Chipman, and Ganong continued to function in their usual smooth manner.

Things were at their best, however, when the boys outplayed Brown at the Arena and turned in 9 to 4 score. The Huskies were really established on this occasion. Paul Hefron, who was "King" Krystyan's under-study last year, turned in a remarkable performance by stopping 32 out of 33 shots taken at him while in charge of the nets.

Gallagher's goal-getters were hitting their stride and were favored to win their second encounter with Boston College. The lead shifted back and forth, however, in one of the fastest, toughest games of the season. In what was truly a heartbreaker the Huskies went down under the Eagle's claws, scratched by one point, 7 to 6.

At the hands of the Polar Bears from Bowdoin, the Huskies suffered a second heart-ache. The home team led going into the final period, but the Polar Bears tied it up and pushed in two more goals with but a minute and a half to play. The score: 5 to 3.

Hoping to climb into the win column once more, the Huskies faced-off against Brown.

The Providence puck-pushers were not to be beaten a second time, but pulled out of a close game on top with a 6 to 5 score.

In the two post season games with M.I.T. and New Hampshire, Northeastern proved it was not down for good. After setting the Engineers back, 9 to 3, the Huskies met the Wildcats in what proved to be the roughest, toughest, slam-bang game of the season. The game was still young when the penalty box started to fill up. When the dust had settled and the teeth were raked into a neat pile, the Huskies had another win under their belts. Score: 5 to 4. When the boys had time to get their wind back, they discovered that the season had ended.

And with the close of the season they trooped *en masse* to the Hotel Manger, Sunday, March 19, where amidst banqueting and reminiscing, the team bid farewell to one of the finest and ablest captains that a Northeastern team ever enjoyed—Captain Johnny Byrne. Johnny ended his brilliant college hockey career by being chosen captain, and, for the second successive year, left winger on the All-New England hockey team, as well as being the third highest scorer in intercollegiate circles.

Byrne left a position that any prospective captain would find difficult to fill. But the boys agreed unanimously, and in writing, that the most aggressive, do-or-die teamman of the season, the one best fitted to lead the team during the 1939-40 season was Gerry Griffin. And so they named him captain.

The Season

Northeastern's flying track team carried off the mid-winter University sports laurels by finishing its indoor dual meets undefeated. The mile relay team, and Captain Danny Miles, gained added prestige by capturing high honors at some of the leading track games.

The incomparable Miles distinguished himself in his last year of collegiate competition. Danny retained his New England high jump title with a leap of 6 ft. 2 in. His best effort of the year was made against Bates when he crossed the bar at 6 ft. 5 in. This mark broke the University record of 6 ft. 4½ in., set by Jim Sandler.

The three dual meets won by the Huskies

van, and Max Stone respectively dominated the 600.

Tufts was Northeastern's next victim in a record-breaking meet, losing 45 to 36 at Medford. Captain Miles smashed the Jumbo cage record by crossing the bar at 6 ft 3½ in. Three other marks were broken as Mascianica ran the 300 in 33.4, a new Northeastern record.

Miles added some needed points in the high hurdles with a second. Caswell and Mascianica finished ahead of Dugger, of Tufts, in the 50-yard dash.

The 600 was an all-Northeastern event as Sullivan, Saunders and Stone breasted the tape in that order. Joe Gallant and Tebbetts came in second and third in the mile.

Miles collected eighteen points against

were the feature of the track season. A 69½ to 38½ victory over Bates at Lewiston, Maine, marked the 1939 debut of Coach Jerry Tatton's charges. The aforementioned record by Miles was the outstanding event of the day.

Jake Wiren and George Shanker took the two top places in the running broad jump. The winner's jump was 20 ft. 11 in. Jack Caswell, Charley Chipkin, and Shanker finished a hair's distance apart, in the order named, in the 40-yd. dash.

Gardner "Ducky" Holmes, Chipkin, and Arnold Saunders finished in one, two, and three positions in the 300-yard run. Sam Drevitch outran Rollins of Bates to chalk up another first for the Huskies in the thousand. Frank Mascianica, Connie Sulli-

Maine, at Orono, in what proved to be the approximate margin of victory, as the Huskies completed their indoor season unbeaten, winning 67 to 50. Danny won the broad jump, placed second in the 70-yard low hurdles, captured the 45-yard high hurdles, and established a new Maine record in the high jump.

Other firsts for Northeastern were Mascianica in the 300, Shanker in the 70-yard low hurdles, Caswell in the 70-yard dash, and Bill MacDonough in the 600.

Colby Kelley and Tebbetts added five more points in the two-mile run, as Dave Lockerby and Drevitch in the 1000. A tie for third between Holmes and Saunders in the 300 netted several more points. Shanker's third in the broad jump and second in the

RELAY TEAM

Bly, Holmes, MacDonough, Mascianica, Sullivan

45-yard high hurdles helped increase the total. Chipkin, Gallant, Drevitch, Field, Coleman, and Wren completed the total by placing in the 70-yard dash, mile run, high jump, and shotput.

The Varsity mile relay team first showed its wares at the Milrose Games at the Madison Square Garden, finishing third. Georgetown, and Pennsylvania preceded the Husky quartet, while Maryland came in fourth. The time was 3:24, the third best collegiate speed.

Second places in the one and two-mile relay events were taken by Coach Tatton's charges at the B.A.A. Games at the Boston Garden. Gardner Holmes, Bill MacDonough, Connie Sullivan, and Frank Mascianica made up the one-mile foursome. Max Stone, Dave Lockerby, Sam Drevitch, and Joe Gallant split the two-mile distance among them.

Northeastern's Red and Black colors showed up prominently at the Veterans of Foreign Wars Games at the East Newton Street Armory in Boston. Danny Miles won the high jump event with a 6 ft. 2 in. leap. Stan Tebbetts, an unheralded long-distance runner in the Huskies' squad, finished second to Les Pawson, 1938 B.A.A. Marathon winner.

Frank Mascianica, running in the invitation 600, came in fifth. Jack Caswell, brilliant sophomore dashman, ran second to

Boston College's Frank Zeimet. The mile relay team completed the Northeastern "review" with a victory over Williams and New Hampshire.

Three Husky stars competed in the I.C.4-A. Games at New York's Madison Square Garden. Danny Miles tied for second place in the high jump, clearing the bar at 6 ft. 4 in. Sophomore Joe Gallant, after leading the mile entrants for the first quarter, weakened near the finish, ending the grind in sixth place. After placing second in the 600 trial heat, Frank Mascianica failed to place in the final of the event.

Led by Captain Bob Pritchard and sophomore Sam Drevitch, the Northeastern varsity cross-country team completed its season in satisfactory fashion with a record of two victories and as many losses in four dual meets, a second place in a triangular engagement, and an eleventh in the New England Intercollegiates.

This season was Coach Jerry Tatton's first venture as cross-country mentor. Tatton replaced Herb Morang, who had directed the hill-and-dalers in 1938.

The two outstanding performers on the team were lanky Captain Pritchard and the bespectacled Drevitch. Both finished within the first five places in every meet, with the exception of the Intercollegiates.

Pritchard returned to the form he displayed as a sophomore two years ago. His

consistent running was an eminent factor in guiding his team to its two victories.

Drevitch, who ran on the frosh cross-country team last year, was Coach Tatton's prize package. Sam led the Husky runners in every meet, also gaining first place against Mass. State, a notable feat for a first-year varsity runner.

The Huskies opened their season with Connecticut State at Storrs, losing 29 to 28. Drevitch, Pritchard, Bill Carter, Russ Kippen, and Loring Thompson finished second, fourth, sixth, eighth, and ninth, respectively.

Back at Franklin Park on the following Saturday, the Red and Black outfit handily topped the forces from Mass. State by a score of 21 to 37. Drevitch and Pritchard finished one, two. Dave Lockerby took fifth place, Al Marshall, sixth, Carter, seventh, and Ebbie Landsman came in eighth.

Bates was the next opponent on the Huskies' schedule, and the Bobcats were tamed on their home grounds in Lewiston, Maine, by a 22 to 36 score. Drevitch came in second, with Pritchard, Carter, and Max Stone trailing in fourth, eighth, and tenth positions.

The Rams from Rhode Island State, who had lost only one meet in twenty-five starts, continued their victory pace against the Huskies by scoring a decisive 21 to 39 victory. Drevitch in third place, Pritchard fourth, and Stone ninth, were the only three runners of Coach Tatton's contingent who finished in the first ten.

A triangular meet with M.I.T. and Tufts netted the Huskies a second place. Pritchard and Drevitch finished in a neck and neck third-place tie. Lockerby tied for fifth place. The remaining N. U. positions were taken by Carter, eleventh, and Stone, thirteenth.

The New England Interscholastic cross-country meet was a distinct failure from the Huskies' point of view as none of the Husky runners finished anywhere near the leader and the team captured eleventh place.

The Season

Coach Herb Gallagher, in his first season as Northeastern varsity baseball coach, directed the nine, under the captaincy of Ralph McDonald, to a fairly successful season of ten victories and seven defeats. To the Huskies, the season was more successful than it may seem on paper, because for the first time in years they defeated Boston College, and for the first time in history they defeated Harvard.

Faced with a serious lack of pitching material, during the early part of the season, Coach Gallagher converted Frank Meehan, former co-captain and for two years star first baseman, into a pitcher to assist the veteran Gus Rook. Frank, a submarine artist, in his debut as pitcher held Tufts to four hits, to give the Huskies a 5 to 1 victory. A few weeks later he shut out B.C., holding them to six hits, while his mates collected eight, to win the game. In this game good fielding support was a big factor in enabling the Huskies to get their first shutout of the season—3 to 0. Captain McDonald at second, and sophomore Sammy Swardlick, at short, and Ed Lovequist, at first, turned in excellent performances.

In the Harvard game Meehan and Rook held the hard-hitting Crimson to nine scattered hits. The Huskies, on the other hand, slugged three Harvard pitchers for 17 hits to win, 10 to 8. Jim Connolly, catcher, and left fielder Ray Johnson, who was replacing the ailing Bill Little, each got four bingles in five times at bat. Alce Struzziero, Meehan, McDonald, and Lovequist all gathered two hits apiece.

The Crimson game was novel in that the much-publicized yellow ball was used for the first time in New England. Despite the fact that the Huskies got more hits using the new ball than they had in previous games, the general opinion was against it. The umpires complained that the ball seemed dead, while the batters claimed that after a few innings the ball looked like just

another dirty, white ball coming to them.

The outstanding hurling performance of the year was the three-hit, 9 to 1 game that Gus Rook pitched against New Hampshire. Rook's deceiving curve ball had the Wildcat batters completely baffled. Besides giving Gus otherwise good support, the Huskies shelled three New Hampshire pitchers for 14 hits and 9 runs.

Topping the batting list with .386 for the season was Sammy Swardlick, a sophomore comparatively unknown when the season started. As lead-off man in the Husky batting order, Sammy proved his worth by getting on base most consistently, and by scoring the most runs.

Next in order were two former co-captains—Frank Meehan, with an average of .375; and Gus Rook, with .364. Although both men were pitchers, their hitting and general all-round ability kept them in every game that they did not pitch. Meehan in right field and Rook in centerfield. These two men tied for the lead in runs batted in, with 15 each.

With the close of the baseball season Meehan and Rook completed outstanding athletic careers. They had served together as co-captains in their middler year. Frank covered the initial sack very efficiently for two years and last season built up a good record for himself on the mound. Gus bore most of the pitching burden on Al McCoy's nine during his sophomore year. Although the load was somewhat lighter during his last two years, he continued to be one of the team's most valuable players.

Captain McDonald, with .319, was fifth in batting among the men who had played more than ten games. Although a second baseman until the middle of his last season, Mac finished his college career playing third base. Coach Gallagher had to shift his captain to the "hot corner" in order to strengthen that side of the infield.

Consistency and dependability, both at bat and on the field, have been McDonald's strong points during his three years on the varsity team. Around the keystone sack he

proved to be the sparkplug of many a double play. Another asset in Ralph's playing has been his ability to deliver with hits when they were most needed.

As a captain, McDonald was an aggressive and brainy leader. He excelled in team spirit and was always willing to help less experienced players.

The new captain, Bill Little, took fourth batting honors with an average of .333. Bill started his varsity career as a shortstop, he had been a catcher during his high school days. In his 1937 season the keystone combination of McDonald and Little was pronounced by many as the best ever to take the field for the Huskies.

During the 1938 season, however, because of an arm ailment, Coach Gallagher shifted Bill to the outfield. He continued his consistent hitting of the previous season, taking third place in number of runs batted in. His speed on the basepaths was one of his best assets and made him a dangerous player for opposing pitchers to handle.

Other outstanding players were Ray Johnson, who, although he played in only five games, led his teammates in batting, with an average on .545, and had a perfect fielding record; catcher Jim Connolly, who drove in 11 runs and whose backstop playing was consistently good; leftfielder Alex Struzziero, who missed a .300 average by just two points; and Ed Lovequist and Foxy Flumere, who ably handled their infield positions. Pitchers Dave Gerry and Charlie Loiselle showed promise in the few games they worked.

THE BICKFORD ENGRAVING & ELECTROTYPE CO.

20 MATHEWSON STREET • PROVIDENCE, R. I.

THE FACT that this company was selected to design and make the engravings for this book and many other prominent Annuals, is significant that we are New England's leading Designers and Engravers of school and college publications.

Exceeding the standards . . .

<p>Typog- raphy</p> <p><i>Excellent</i></p>	<p>Are attractive and related type faces used throughout the book? Does typography suit the plan of book? Is it easy to read? Is there a proper relationship between body type, headings and identifications? Are the following common faults avoided: too many type families or sizes; type used too black or too heavy; body type too small for length of the line; excessive use of all-capitals?</p>	<p><i>Average Score 15</i></p>
<p>Typography Your Score <u>30</u></p>		
<p>*Printing</p> <p><i>Fine</i></p>	<p>Do opposite pages line up properly? Are pages properly backed up? (Hold a sheet of your book to the light and note whether or not the page behind lines up at the margins exactly with the page in front). Are bleed pictures properly trimmed? Is the color work perfectly registered? (i.e. does each color fit exactly the spots for which it is intended?) Is the ink distribution uniform throughout the book, or are some pages light and others dark in color? Are the pages free from offset (smudges or spots on the paper)? from broken type? from work-ups (spacing material that registers)?</p>	<p><i>Average Score 15</i></p>
<p>Printing Your Score <u>25</u></p>		

This is the rating given by the National Scholastic Press Association of the University of Minnesota to one of New England's largest Annuals—printed at the Andover Press.

{ *Typography . . . 100% above average* }
 { *Presswork 67% above average* }

Which explains why so many yearbooks in this vicinity choose Andover to do their printing.

They get superior workmanship and personal cooperation at a price they can afford to pay.

NORTHEASTERN UNIVERSITY

COLLEGE OF LIBERAL ARTS

Offers a broad program of college subjects serving as a foundation for the understanding of modern culture, social relations, and technical achievement. Varied opportunities available for vocational specialization. Degree: Bachelor of Science or Bachelor of Arts.

COLLEGE OF ENGINEERING

Offers curricula in Civil, Mechanical (with Diesel, Air-Conditioning, and Aeronautical options), Electrical, Chemical, Industrial Engineering, and Engineering Administration. Classroom study is supplemented by experiment and research in well-equipped laboratories. Degree: Bachelor of Science in the professional field of specialization.

COLLEGE OF BUSINESS ADMINISTRATION

Offers three curricula: Accounting, Banking and Finance, and Business Management. Each curriculum represents in itself a broad survey of business technique, differing from the others chiefly in emphasis. Degree: Bachelor of Science in Business Administration.

SCHOOL OF LAW

Offers day and evening undergraduate programs admitting those who present a minimum of two years of college work, each program leading to the degree of Bachelor of Laws. Also graduate program in the evening leading to the degree of Master of Laws. Co-educational.

SCHOOL OF BUSINESS

Offers curricula through evening classes in Accounting, Management, Law and Business Management, and Engineering and Business leading to the degree of Bachelor of Business Administration in specified fields or the Bachelor of Commercial Science in Law and Business Management. Preparation for C.P.A. Examinations. Shorter programs may be arranged. Co-educational.

EVENING DIVISION OF THE COLLEGE OF LIBERAL ARTS

Offers a three-year evening program equivalent in hours to one-half of the requirement for the A.B. or B.S. degree. Provides general education and preparation for admission to the School of Law. Associate in Arts title conferred. Co-educational.

The Colleges of Liberal Arts, Engineering, and Business Administration offer day programs for men only and are conducted on the co-operative plan. After the freshman year students may alternate their periods of study with periods of work in the employ of business or industrial concerns at ten-week intervals. Under this plan they gain valuable experience and earn a large part of their college expenses.

For further information regarding any of the above schools, address
